## NOTICES TO BE READ!

**RECEIPTS.**—We request any person, who pays money, *at this office*, for Subscriptions, Advertising or Job Work, to take a *receipt*, and if any have paid, recently, without taking them, they will please call and get them. It is the only true way to do business.

**PARTNERS.**—We have no partner, nor partners, in the publishing business, as all may see, by looking at the head of our paper. We are morally, pecuniarily, and legally responsible for all debts contracted on account of the *Free Democrat*, by our order, or by any authorized business agent. Business men will please take notice and govern themselves accordingly. The business of this paper is not conducted on the free and easy, slipshod pattern.

RETIRED.—Champion Vaughan, Esq., has retired from the post of Associate Editor to this paper. He will remain at Madison as the special correspondent and reporter for the *Free Democrat*, during the session of the Legislature. His absence would necessarily prevent his attention to editorial duties, and as our views of the proper course to be pursued in matters of controversy among Republicans and Hunkers, differ from his, and as we are legally, morally and pecuniarily responsible for the conduct of the paper, and therefore ought to control it, Mr. Vaughan has voluntarily tendered his resignation. May good will and success ever follow him through life!

### The Legislative Caucus.

Mr. Watson writes to the *Sentinel*, that the Republican Legislative Caucus "designated by particular request the following gentlemen as delegates to the Pittsburg Convention." The "particular request" consisted in a Member's nominating, and whoever got ahead in this request, got his man. He also adds, the caucus did not "assume to restrict the representation from this State to the persons named, inasmuch as the meeting [at Pittsburg] is an informal one, for consultation and not nomination."—The inference is, that had it been a *formal nominating* Convention, they would have restricted the representation to their appointees.

We enter our protest against the whole thing—against the *principle* involved, and not against this particular application of it. It is unjust to the Republican party, and invidious to those who may attend the Pittsburg Convention, who were not designated by the caucus. Here was a call for an informal National Mass Convention, first suggested through the columns of our paper, by an eminent citizen of Ohio. All were invited to attend. Now, had the legislative caucus taken upon itself the task of recommending delegates to a Mass Convention, it should have left the members from each Congressional District to appoint their own delegates, and this should have been done after mutual consultation and not by indiscriminate nomination, in a caucus. The moral weight of such a delegation depends on the fact of their being well known to the Republican party, as well as being true to Republican principles.—As it is, this Congressional District has but three Delegates, and one of them was not known, even by name, in four out of the five Counties comprising the District. We doubt not he is a true and reliable Republican, but at such a juncture men sho'd have been chosen in regard to whom such remarks as these would not have been made all over the District—"Who is he? We have not heard of him before." Again—many will attend—or were intending to—who were not designated by the caucus. And when they get there and meet these appointees, specially chosen by the legislative caucus, they will justly feel that their moral influence has been weakened by such action, and that the Convention will defer only to the wishes of such appointees.

But we object to the action of this caucus, more on account of the precedent which it sets of giving the control of the Republican party to the Members of the Legislature. They are not elected for any such purpose and with any such design. And unless the party, at this early period of its history, puts its seal of disapproval upon this system, our Legislative Assemblies will soon become mere partizan political caucuses, partitioning out the offices and selecting the candidates for the party, and the business of legislation will be neglected for the discharge of partizan duties with which the people never entrusted them.

At a Legislative Republican caucus this winter a committee was appointed to designate the time for holding a State Convention to nominate presidential electors and appoint delegates to the National Nominating Convention. And it was said in that caucus, by a Member, that the last State Convention had referred this matter to the Republican Members of the Legislature. The last State Convention did no such thing.—When the proposition was made by a Know Nothing, in the last State Convention, to appoint delegates and electors, it was answered by some one that it was not certain that a National Nominating Convention would be held, and that the Members of the Legislature could attend to the matter. But the Convention took no action on the subject, except to refuse to appoint delegates and electors then. And had such a motion been passed, it would have met with a stern opposition.

Had the delegates and electors been chosen thus, they would have been in whole, or in part, Know Nothings, for the organization of the last State Committee was in the hands of Know Nothings—the very class of men who are now *openly*, as then *secretly* opposed to the Republican party, and who have now set up business on their own hook.

We do not question the integrity or good intentions of the members of the Legislature in what they have done or propose to do in this matter. But we object to the principle of the thing. The system is wrong, is Anti-Republican, and must be abandoned, or our Legislative Assemblies will be mere political conventicles for wire-workers and office-seekers.

☞ The Madison *Patriot* publishes a notice of Mr. Vaughan's resignation, and places it on the ground that "no honest man can work with Mr. Booth when his virtue is tempted by $50." We shall probably survive this notice.

### The Prospects of the Suit.

As our readers are interested to know the prospects of a speedy settlement of the disputed Governorship, we give the latest news. In ordering the defendant to answer on the 5th of February, the Chief Justice took occasion to say that they might not compel the defendant's counsel to bring the matter to an argument that day, but that it should be done at an early day of the present term, and that as the term of the Executive office was but two years, justice required that the case should be disposed of *during this term of the Court*. If this is so, we may look for a solution of the question within two or three months.

We learn also, by Members direct from Madison, that our Associate, in writing from Madison, after the denial of the motion to file a new information that, in his opinion, Mr. Bashford would drop the suit, but expressed the prevalent sentiment of that time, also the expressed opinion of Mr. Bashford's intimate personal friends. We state this, in justice to Mr. Vaughan, because the *Sentinel* treated the article as though neither Mr. Bashford, nor any accustomed to speak for him, had given any countenance to such an opinion.

### "Spinal Weakness" Spreading.

In addition to the articles we have published from the Fond du Lac *Freeman* and Kenosha *Telegraph*, the Elkhorn *Independent* says:

THE LEGISLATURE AND GOVERNOR.—An effort was made in both the Senate and Assembly, to repudiate Mr. Barstow as Governor. It was voted down in the Assembly by a strict Party vote. In the Senate, Dr. Mills from this County, and C. L. Sholes, from Kenosha, opposed the proposition, and it failed. The Republican party may thank Senator Sholes, and the other Republican Senators who refused to entertain this proposition.

The Republican is the law-abiding Party.—Mr. Barstow is *legally* Governor until the court shall decide his certificate to be the result of fraud. That there *has been* the grossest fraud, on the part of Barstow and his friends, there is no moral doubt; and it is to be hoped the Court will be enabled so to find; but until the Court does so find, Mr. Barstow is Governor; and the Republicans of the Legislature who vote against recognizing him, vote against law and order, and the good name of their Party.

It was well that wiser and better counsels prevailed.

### Gems from the American.

"A good and true Catholic cannot, in the very nature of things, be a good and true Republican."

"Proscription is the American watchword, the sentinel at the door of the American government. The constitution is proscriptive, for it denies the mixture of politics and religion.—The American party is, and ought to be proscriptive for the same reason."

The above extracts are the *gist* of a half column article in this morning's *American*, showing why Catholics are proscribed by the Know Nothings.

PUBLISHING THE LAWS.—The Elkhorn *Independent* has a well-written article from the editor, to the Legislature of Wisconsin, in favor of publishing the laws of the State in all the newspapers, and suggests that 20 cents a thousand enough to pay journeymen's wages for composition—would secure such publication generally. The proposition is a just and reasonable one, and ought to prevail.

NATIONAL CONVENTION.—The Elkhorn *Independent* expresses our opinion in speaking thus of the Republican Convention, to nominate a President and Vice President:

"This time, it may result well; for the party is in the minority, by precedent, and hence, none but the best names in the nation—such as Seward, Chase, Hale, and the like—will be presented. But, the Convention System is an intriguing, demagogical one, and will, ultimately, if persisted in, corrupt the party."

THE MADISON PATRIOT.—It would be a good thing, much to their credit, and the credit of the Party, if the Republican Press would decline to copy articles from the Madison *Patriot*, or recognize it in any manner.

It is notorious, to every one acquainted with the politics of the State, that that print is totally devoid of even the semblance of honesty, or moral principle; and that its whole course against the present State Administration is dictated by the lowest kind of personal hate and meanness; and when Republicans give currency to its malice, they only injure themselves.

A case in point. Senator Sholes was wise enough not to join its desire to have the Senate repudiate Mr. Bastow. It now attacks him with the same virulence it does the State Administration; and the fact that it has been petted and quoted by the Party, now gives it force in attacking an honest man.

There is only one other Daily in the State more stolid than the *Patriot*, the *Wisconsin*; and there is *none* so low as it in the scale of decency.—*Elkhorn Independent.*

☞ W. J. Bell & Co., have a letter in this morning's *Sentinel* with ample proof, that the Bank of Republic did decline to pay the interest on the bonds issued by this city to the Horicon Railroad Company, that their act in paying said interest was a praise-worthy one.

DESTRUCTIVE FIRE AT ROME.—A large block of wooden buildings, owned by Whedon, Hawley & Co., in Rome, N. Y., was destroyed by fire, on the 24th inst., and a man named Miller burned to death. An adjoining block was much damaged. Total loss $60,000.

☞ The Racine and Mississippi R. R. is opened to Delavan, and the cars commenced running to that point, last Saturday. The event will be celebrated, at Delavan, on Thursday of this week.

The distance from Racine to Delavan is 48 miles, and the road runs through one of the richest agricultural regions in the world.

BELOIT COLLEGE.—President Chapin is in town to lay before our citizens the claims of Beloit College to their support. It is in want of immediate funds. Some of our wealthy citizens could not better discharge their stewardship than by giving a few thousands to this Institution.

☞ Beriah Brown has been appointed, by Gov. Barstow, one of the Regents of the State University, *vice* A. Hyatt Smith, resigned.

TO BE REMOVED.—The Elkhorn *Independent* says:

Mr. Barstow has cited Mr. Spooner, District Attorney for this County, to appear before him in February next, to be heard on charges of incompetency in legal ability to perform the duties of his office, preliminary to discharging him therefrom.

FIRE.—The Iron Foundry of James A. Cobb, of Chicago, was consumed by fire on Friday evening last. Loss $5,000, partly insured.

SLEIGHING.—The Chicagoians "down East" having had good sleighing for nearly a month past

### THE DEATH PENALTY.

Mr. Van Amringe, under date of 25th inst. writes us:

It was objected to me in conversation, some time ago, on the subject of the command to Noah, that Christ does not *expressly repeal the law of blood for blood*. Suppose he does not do so *expressly*, what becomes of the *completeness* of the Christian dispensation, if nothing of the Patriarchal and Mosaic rules and statutes, but what was *expressly* named and repealed by Christ, is vacated? The tenor and spirit of the Gospel supersede the former codes; and that is sufficient. Under the Gospel of our Lord, we are to legislate as shall best fulfill the purposes of divine love in the conversion and salvation of all men, and their union and freedom in brotherhood.

Christ says (Math. 5: 38, 39):—"Ye have heard that it has been said, an eye for an eye, and a tooth for a tooth; but I say unto you that ye resist not evil; but whosoever shall smite thee on one cheek, turn to him the other also." By referring to the old Scriptures (Exod. 21: 22—26), where the commandments on the principle of *blood for blood* are stated, we see that the Mosaic law required "life for life, eye for eye, tooth for tooth, hand for hand, burning for burning, wound for wound, stripe for stripe." Christ, by *his principle*, repeals the former *principle*, and all its results, so far as they are in collision with the spirit of his doctrine. What absurdity would it be to say, that "life for life, * * * hand for hand, foot for foot," &c., are not repealed because *not expressly named* by our Savior.

Without having entered at all into the question of the propriety or the impropriety of a restoration of the death penalty, I simply occupy this ground, viz: that under the Gospel of Christ, we must so legislate and act as shall honestly and efficiently subserve the purposes of divine love and truth, and that nothing in the Patriarchal and Mosaic codes, in opposition to the spirit of the Gospel, are now in force.

Respectfully yours,
H. K. VAN AMRINGE

A GALLANT LAD.—Two young men, residing in Granville Vt., a few days since tracked several bears to their den in a cave upon the Green Mountains. While one of the hunters stood guard, the other, named Robbins, sixteen years of age, entered the cave, armed with a double barrelled pistol, and succeeded in killing three bears without receiving a wound himself.—*Exchange.*

This may be true, but we consider it a "tough story." The bears were probably "cubs."

OHIO AND PENNSYLVANIA RAILROAD.—Geo. W. Cass has been elected President of this Road, by the Stockholders, and a resolution passed favorable to the immediate completion of the bridge over the Alleghany river to make the connection with the Pennsylvania Central Railroad.

MONEY AT WASHINGTON.—The correspondent of the *Courier & Enquirer* makes the following statement:

"It cannot be denied that one of the causes of the excessive obstinacy of Members is the fact that they are comparatively at ease in money matters, owing to the advances made them by the Sergeant-at-Arms, upon their orders on their accruing pay and mileage. It is reported that this officer has disbursed no less than $60,000 in this way, the greater part of which he obtained from a Penn County Bank, in pursuance of an arrangement to return gold for the notes of the Bank, when the House should be organized. The operation has been a bad one for the Bank.

"When it made the advance to the accommodating Sergent at-Arms it was not supposed that more than a week or ten days would be consumed in the struggle over the Speakership. Seven weeks have passed without action, and without the prospect of any, and now the bank has become uneasy. It is stated that agents have been sent here to procure indorsements and security for the loan, for besides the losses arising from the delay there is a glimmer of a possibility that Congress will *not organize at all*. Meantime the notes have gone back and been redeemed in gold."

MURDER OF MR. JONES IN OREGON.—The Platteville *American* says:

Advices from different sources seem to leave no room for doubt, that Mr. H. H. Jones, who removed from this place to Oregon nearly two years ago, was murdered by the Indians, about the middle of November last. Mr. Jones' house was burned to ashes, and Mr. Jones (who was at the time sick) was burned in it. His bones were found, most of the flesh having been eaten off by the hogs. Mrs. Jones was found a short distance from the house, shot through the lungs, face and jaws, and head horribly broken and mutilated, apparently with an axe. Mr. Cooper who was living with them was also shot. Mr. Jones' three children were saved by the interference of a friendly Indian.

"CURIOUS" INDEED.—The Boston correspondent of the Pawtucket *Gazette* says:

"By the way, I heard a curious political rumor to-day. It is said that divers members of the dominant party, are discussing the propriety of electing a Senator at this term of the Legislature to take Mr. Sumner's place in 1857.—Of course, Gardner would be the man; but I hardly think the game will be tried on. It would be a little too steep.

IRON AND GUTTA PERCHA CARS.—Some body in Albany is getting up a railroad car out of wrought iron and gutta percha. Such a car can be jammed but not broken. It may smash up, but it can make no splinters, to lacerate limbs.

A GOOD "PROSPECT."—The Platteville *American* says: By a letter from Mr. A. Woods of Fairplay, we learn that the American Mining Company, at that place, have sunk a shaft 8 feet square, 150 feet, and at a depth of 176 feet have bored *seven feet* into Mineral.

BROOM MAKING AT PLATTEVILLE.—The Platteville *American* says: Mr. Woodruff has raised 8 or 10 acres of broom corn, averaging about 500 pounds to the acre, and makes fifteen or twenty brooms per day or about four thousand a year.

Mr. Hiram Beebe has raised, this year 10 acres of broom corn and bought 4 acres more near Dodgeville. He is making brooms now at the rate of about 60 per day. Mr. Beebe has now on hand about 100 dozen, and expect to put up six or seven thousand this year. He thinks that if properly cultivated, any man can clear from $25 to $30 an acre in raising broom corn.

TEXAS NEWS.—Texas news to the 15th, has been received. Advices from Rio Grand, report the frontier quiet. The weather was very cold.

[From the Elkhorn Independent.]

We copy the following, which, in addition to the article we published from the Fond du Lac Freeman, shows that the boast of the Madison Journal that it has all the Republican papers on its side, in its warfare against us, is not sustained by facts:

**The Free Democrat.**

During the last Fall's Canvass, and up to the present time, a portion of the Republican press of the State, has seen fit to pursue the *Free Democrat* with the most intense personal and bitter malice—the Madison *Journal*, Fond du Lac *Herald*, Janesville *Gazette* and *Free Press*, Beloit *Journal*, and Platteville *American*, constitute the chief part of this portion. In this matter they all seem to follow the lead of the Madison *Patriot*.

The first cause of this course, was the fact that the *Free Democrat* was uncompromising in its hostility to Know Nothingism, which came near swamping the Republican Party, and which succeeded in cursing it beyond years of recovery. The second cause exists in the fact that that paper does not join in the bitter personal malignancy against the present State Administration, which actuates those who have money staked in the election, and who are joining in this onslaught.

It is widely known that this paper and the *Free Democrat*, differ materially in many things—that the writer and the editor of that paper have as many antipathies as affinities—therefore a word upon the matter may not be out of place.

The *Free Democrat* is abundantly able to defend itself; and its course to those who are vilifying, shows much the most candor, manliness and devotion to truth. But when all the *professed* Republican papers, whose editors were until recently, Silver Grey Whigs and Native Americans, and who evince the same spirit still, who exhausted the vocabulary of vile names upon those who were supporting the principles of Republicanism, when they were supporting Slavery, are making a united onslaught upon the earliest, the ablest and the most tried and steadfast Republican paper of the State, it only shows what they wish to do, and will do if they get strong enough, to all others who are among the early anti-slavery advocates.

The *Free Democrat's* course in the Canvass, commended itself to every real opponent of Slavery and Know Nothingism. No paper in the State aided Mr. Bashford more efficiently than it. And time will show that its course toward the present State Administration will subserve the cause of Freedom fully as much as the low epithets of the gamblers who are abusing it, and running a race with that same Administration, to see which will do the lowest and dirtiest things.

FROM WASHINGTON.—On the 26th ult., Mr. Dunn, of Indiana, offered a resolution, declaring, first, that no one should be elected Speaker, who does not fully and heartily sympathize with a large majority of the people of the country, for the restoration of the Missouri Compromise, or who will hesitate to exert himself for the restoration of that restriction.

2d. The restoration should be restored as a proper indication of the wisdom, patriotism and plighted honor of the great Statesman who impressed it, as the necessary and certain means of restoring harmony and concord among the States of the Union.

3d. Useless and factious agitation of the slavery question, in or out of Congress, is unwise and unjust in every section of the Union, but until the restriction is restored, it is a solemn duty we have to the past, present and future, steadily and firmly to persist in efforts to that end.

OFFICIAL CORRUPTION.—The case of Joseph C. Ebling, commissioner of streets and lamps, of New York, charged with corruption in the administration of his official duties, was commenced in the New York Court of Sessions, on the 25th ult. The indictment charged Mr. Ebling, in his official capacity as commissioner of streets and lamps, with having entered into an agreement with Smith, Sickel & Co., proprietors of the street sweeping machine, to use his influence to procure for them a contract for the street sweepers of the city of New York, for a certain consideration, to wit: that if Smith, S. & Co., should obtain any sum over $140,000 for the job, Ebling was to be paid the surplus, he having previously stated to them that he would endeavor to have $170,000 appropriated for that purpose.

CURIOUS DIVORCE CASE.—A bill of divorce has just been granted at Detroit, the parties to to the action having lived together in that city for nearly thirty years. The gentleman's name is Brewster, and in consequence of some rupture in the family in 1853, he abandoned them—a wife and seven children—and took lodgings at a hotel. He immediately filed a bill against Mrs. B., charging her with interfering with the the discipline of his children, and other acts of insubordination to his martial authority, and praying a divorce from the bonds of matrimony. Mrs. B. soon presented her bill against him, charging him with extreme cruelty, with habitual and long continued outrages upon her person and her feelings—numerous beatings and brutal conversation and demeanor. A large mass of testimony was taken in the case, and the result was that the Court dismissed his bill and granted the petition of Mrs. B. for an absolute divorce, with an allowance of alimony to Mrs. B and her minor children, of $1,000 a year, together with the cost of both suits.

COLD WEATHER IN NEW YORK.—On the 25th inst., the weather was still intensely cold, at New York, and navigation was greatly impeded by ice. Staten Island Sound was completely frozen, from Elizabethtown Point to Bentley's dock, and the teams crossed over from Jersey to Staten Island in every direction.

The Staten Island ferry boat, *Columbus*, while on her passage up with a large number of passengers, was cut through by floating ice and sunk near the mouth of the East river.—Her passengers were all saved by getting on the ice, whence they were taken in small boats to the dock.

DROWNED.—On the 26th ult, as a large company were upon the Deleware River, opposite Philadelphia, the ice gave way, carrying down a sleigh containing a gentleman and four ladies. One of the ladies, a widow, by the name of Albright, was drowned, the others were rescued.

☞ The Louisville *Courier* makes the total number of hogs killed around the Falls of the Ohio the present season 331,365, and all the houses closed. This is an advance of 47,577 on the business of the last season.

CONVICTED.—A. F. Monroe, was convicted of the murder of Nathinel Elliggion, at Charleston, Coles Co. Ill., last week, and sentenced to be hung on the 15th of February next.

HAYTI NEWS—DEFEAT OF THE EMPEROR'S ARMY.—Private letters from Port au Prince to the 30th of Dec. give full particulars of the Emperor's defeat and flight. His army consisted of about 30,000 men, divided into three detachments. The army from the north, under Paul Ducayiat, consisting of 7,000 men, took a southern route. After crossing the line they were met by a body of Dominicans, and the Jacmel Regiment, which was in advance, broke their lines after the first fire, and precipitated themselves upon the rear, and produced a general rout of the whole regiment. The force under the immediate command of the Emperor amounted to about 18,000 men. When near Lascahobas, in an open plain, bordered by a piece of woods, they came upon a body of Dominicans, about 4,000 in number, with a cannon. The advance guard continued to move forward until within gun shot of the Dominicans, when a conflict occurred, and the Haytians made a precipitate retreat, throwing themselves upon the main body of the army, which was simultaneously charged by the Dominicans. A general retreat of the Haytians now ensued, leaving the Emperor and his staff almost alone. Several of his staff officers lost their lives in defending him. The Emperor is said to have reached a place about 60 miles from Cape Haytien, with only 1,000 men.

The southern troops, who deserted him, to the number of 1,500, succeeded in reaching Lascobas. The Emperor sent orders for them to join him but they refused to do so. Where the rest of the grand army had gone, was not known at Port au Prince. The Emperor's pecuniary loss must have been very great. He had with him over two hundred thousand dollars in money, which was taken, and with it most of the arms, ammunition and provisions of the troops, for most of them threw away their arms and took to their heels.

NEWS FROM HONDURAS.—Advices from Honduras to the 22d inst., report trade unusually dull, mahogany low—wages depreciated, and large amount of mortality amongst the whites from cholera. England was riveting her rule more firmly on the colony.

It has now been ordered that all vessels shall be registered, and that no foreigner shall own a ship hoisting the British flag, unless he takes the oath of allegiance to that government, and become naturalized. Many persons had already done so.

SOME OF HOOPS.—The Schuyler County *American Budget* is "some" on hoop yarns. For instance, he tells of an accommodating young beau, in Havana who recently called "to take a young lady out for a sleigh ride. When the lady was seated, the young man discovered that his fair companion with her *surrounding appurtenances* entirely filled the cutter, and not being willing to go afoot himself, he gallantly mounted the *nag*, and both parties rode on their way rejoicing. More recently (says this truth loving editor,) a lady was walking along South Street, Havana, when one of the hoops, the ends of which had not been strongly secured together, suddenly broke loose and flying back with great force, tore completely through the outer garments and struck a small boy who was standing on the sidewalk about, twenty feet from the lady. The small boy was taken home senseless, and it is feared will not recover.—The *hoop* is already re-*covered*.

—The Boston Transcript states that Mrs. Caroline Lee Hentz is about to publish a new novel, "the scenes being drawn in part from fashionable life in New York and Boston."

—At a recent session of the Circuit Court in Yazoo City, Miss., seven persons were convicted of murder, and sentenced to be hung. Three of them were negroes.

—Mrs. Lucinda Thompson, of Crawford Co. Ohio, obtained a divorce from her husband at eight o'clock, and at ten the same evening was married to Mr. Talcott. Who says we are not "a fast people?"

MONDAY:::::::::::::::::::::::::::::::::::::JAN. 28.

COMMON COUNCIL MEETING.—The following is the most important business transacted at the meeting of the Common Council on Saturday evening last.

Petitions from W. A. Prentiss, John Faulkner, John H. Tweedy and Jas. S. Brown for remission of taxes were presented and referred. An opinion from the City Attorney, relative to the petition of James Kneeland, for remission of certain taxes claimed to be illegal, was referred: also petition of citizens of the First Ward asking for an enlargement of the Market Square, by application to the Legislature.

A communication from Williams Lee, asking the privilege to leave wood corded in the street, which is to be distributed among the poor of the city, after some discussion, and an effort made to the City Attorney, was tabled.

Ald. Hadley, from the Committee on Railroads, reported in favor of issuing $95,000 of city bonds to the Milwaukee & Watertown Railroad Company when said Company should give proper security. The Report was adopted by the following vote.

AYES.—Hadley, Haertel, Harrison, Mallory, Meyer, Mitchell, Milman, Powers, Rosebock, Schutts—10.

NOES.—Ludington—1.

An ordinance, authorizing the issue of City Bonds to the Milwaukee and Watertown Railroad Company, was then read and adopted, all voting for it, save Ald. Ludington.

Ald. Hadley presented the securities of the Southern Wisconsin R. R. Co., upon which City Bonds are to be issued, in pursuance of Ordinance.

Ald. Mitchell presented a bill and memorial from the citizens of the Fifth Ward asking the City to loan its credit the amount of $100,000, for the purpose of purchasing ground for a market square and erecting a market house. The City Attorney presented a report in favor of the project.

Ald. Hadley moved to amend by incorporating a provision for the purchase of a block to enlarge the grounds of the Market Square, in the 1st Ward.

Ald. Powers moved to further amend by including a provision to authorize the purchase of a Market Square in the 2d, 3d and 4th Wards. Withdrawn after some discussion.

Ald. Powers offered a resolution instructing the members of the Legislature from this city, to use their efforts to procure the passage of an act authorizing the various wards of the city to purchase and improve grounds for public squares, provided the city should not become responsible for the amount raised.—Adopted.

Ald. Mallory presented a resolution calling for specifications and plans for a new bridge across the river at Oneida street.

LARCENY.—At Jefferson, on Tuesday week, a professional thief stole an overcoat, shawl and pair of mittens from Mr. Allen, proprietor of the Palmyra stage. The thief came in from the South Saturday evening, and took supper, after which nothing was seen of him until Mr. Benson, a boarder at the house, who was about retiring for the night, discovered that the lid of a box, which the thief had no doubt thought to contain jewelry, had been broken open and the contents considerably disturbed. A search being instituted, the suspected person was found in a bed, which, according to his own account, "nobody" had shown him to. Not having sufficient evidence against him he was discharged, and he immediately left town.

FROZEN TO DEATH.—On Monday of last week, the body of Thos. Murphy of Lewiston Columbia Co., was brought into Portage City by Mr. Perkins, of Leeds, where it had been found the day before by his two sons, who were returning from the Lodi Mills.

It appears the deceased had left home for Madison on Monday 7th inst. for the purpose of procuring a loan from the School Fund, and had perished that day or the next. He had fallen in a slight hollow about 30 rods from the main road to Madison, and when found was covered with snow. No marks of violence were discovered upon his body. An inquest was held on the body and a verdict of death by freezing was rendered.

RAILROAD AID.—On the 16th of next February, the electors of Jefferson, Jefferson Co., vote on the question of authorizing the Board of Supervisors of said town to issue Bonds to the amount of $40,000 to aid the construction of the Wisconsin Central Railroad, and the electors of Elkhorn vote on the question of aiding said Road to the amount of $15,000 on the 18th of next February.

☞ There is now a daily stage between Jefferson, Ft. Atkinson and Whitewater, and the *Jeffersonian*, on behalf of the people of that place requests Postmaster Noonan to use his influence to procure them a daily mail.

VENISON.—The Portage City *Badger State* of the 25th inst. says:

It is estimated that over *four hundred* deer, killed in the region north of us, passed through this city last week, in route for the New York market. Although plenty in our market, deer is dear enough to make it a luxury.

HEAVY PORK.—A dressed hog two years old, weighing 680 pounds, was exhibited at Lynch's Market in Janesville on Monday of last week. The hog was raised by E. H. Strong, Postmaster of Janesville.

☞ During the present session of the Alabama Legislature, there have been about one hundred cases of divorce granted.

BOWLING FOR THE MILLION!

**The Nucleus of Pleasure Reduced to Five Pence**

**DURING THE DAY!**

THE "BADGER STATE" SALOON TRIUMPHANT!

Roll away, boll away, roll away all,
Set up the pins, boys, the price is but small;
Off with the coat, now, and roll up the sleeve,
And at it, my jolly lads—heave away, heave.

With the arm's muscles bare, for one hour, fling
Dull care to the air, and at five cents a string;
Roll away, boll away, hearty and strong,
'Twill develope the man, and his life thus prolong.

Who would sit moping all day in his chair,
When pleasure and profit, so rich and so rare,
Can be had, and that, too, at such a cheap rate,
At the Bowling Saloon of the old "Badger State."

Come, then, "Young America," foreigners, too,
Here's rolling and bolling—not just for the few,
But for old and for young, for little and great—
Come join in the fun at the old "Badger State."

SET UP THE TEN PINS!

NEW arrangement at the YOUNG AMERICA, cheap rolling the order of the day. The citizens of Milwaukee are respectfully informed that after this date for one year the price of rolling at the YOUNG AMERICA in the day-time will be only sixpence a string, instead of a shilling, as heretofore. The undersigned, thankful for the liberal patronage extended, has now reduced the price in order to give all those who wish a chance to have the full benefits of this delightful exercise, having only one year more to devote in this business, I intend that the Milwaukeeans shall have the privilege of this healthful amusement at a cheaper rate than ever offered before. Now is the time to improve the physical system, develope the muscle, circulate the blood, enjoy that precious boon—good health, in a word, feel like a new man.

**WHY WILL YOU SUFFER?**

Read the testimony of Dr. H. P. LEONARD, Druggist, Fayette, C. H., Ala., January 15, 1853.

DEAR SIR:—Hoofland's German Bitters have done wonders in this section. A youth, a son of G. M. Hubbert, Esq., of this county, had been for several months under the care of our best practitioners without relief, and the case reported doubtful, and the young man, altho' scarcely able to get about, commenced with the Bitters. He found so much relief from the first bottle, that he continued to take it until a complete cure was effected. He is now perfectly well and stout.

**All who use the Bitters are satisfied with them.**

RICHMOND, July 9th, 1855.

Messrs. WM. S. BEERS & CO.:—

GENTLEMEN:—Considerations of duty to the afflicted alone prompt me to send you this voluntary testimonial to the great value of CARTER'S SPANISH MIXTURE, for that almost incurable disease, Scrofula.

Without being disposed, or deeming it necessary, to go into the particulars of the case, I can say that the astonishing results that have been produced by that medicine, on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted, and all the usual remedies had failed, fully justify me in recommending its use to all who may be suffering from that dreadful malady.

I do not mean to say that it is adapted to all constitutions, or that it will afford the same relief in all cases;—for, of course, I can know nothing about that—but from what I have seen of the effects, I would not hesitate to use it in any and every case of Scrofula, with persons for whom I felt an interest, or over whom I could exercise influence or control. Respectfully Yours,

### THE OPINION OF A LADY,

*Who knows Mr. WEVER, and has bought Goods at*

## WEVER'S
## DRY GOODS PALACE!!
—AND—
## CARPET ROOMS.
**158 East Water Street.**

COME to the *Palace*, oh, come there with me.
Where Fashion, 'mid splendor, still holds her levee.
And some body tells you that Beauty is sold
To Youth or to Age, in exchange for gold;
And their lady-like charms through life may prolong,
In robes like a Queen's, which sell for a song.
They've shawls for the taste, and Shawls for the storm,
They've Cloaks which fall softly, so rich, and so warm;
They've Carpets of Wilton, of Velvet, and Brussels;
They've Laces, and 'Broideries, Ribbons, and Tassels;
They've sombre-hued Goods, for the weeping and sad
They've suits like the sunshine, for merry and glad;
They've fabrics for millions and hold their levee
For those who pay tribute, or come but to see.
If Palace of Dry Goods, so wondrous grand,
Can be sought but a fable, of old Fairyland;
But those who know WEVER, can't doubt for a minute
This glorious Palace, and all that is in it.
Yours, C. H. G.

Now I blush, indeed I do. What modest, married man would not? Yet I console myself with the idea that Beauty always pays tribute to Worth and Merit. Thanking sincerely yet humbly my fair contributor, I trust that by honesty, punctualness and my gentlemanly bearing, I may ever command her respect.

### THE OLD EAGLE GOING IT WITH A RUSH

## The Eagle
## STEAM FOUNDRY
OF
### TURTON & SERCOMB,
**296, 298, 300, 302 and 304, West Water Street**

IS still in full blast, working day and night to supply the daily increasing wants of the Badger and other States.

In order the better to do this the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planeing Machine or Shaping Machine, three Lathes, and a machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to their former facilities for the successful carrying on of the Foundry, Machine, Engine, and Blacksmithing business. They never were in a better position for doing business, and defy competion in any department.

In regard to the character of the work got up by this,
*The Oldest Establishment in the State,*
the Proprietors refer to that in successful operation thro' the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man. They continue to manufacture **Flour and Saw Mill Gearing and Steam Engines,** on the most approved principle.

They have always on hand a large stock of BRASS WORK, such as *Guage and Cylinder Cocks, Oil Cups & Cocks, and Steam Whistles.* Also *Turton's Files,* which they will sell at the lowest cash prices.

They are also Agents for *Eastman's Patent Steam Guages,* which are well worth the attention of all who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

## AYER'S PILLS.

FOR ALL THE PURPOSES OF A

## FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill,* but not easy to make the best of all *pills*—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and store the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions see wrapper on the Box

## AYER'S
## CHERRY PECTORAL,
**For the rapid Cure of**
**COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.**

THIS remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of COLDS, COUGHS, HOARSENESS, &c.; and for CHILDREN it is the pleasantest and safest medicine that can be obtained.

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by—W. L. Hopkins & Bro., H. Bosworth & Sons, Agents Druggists in Milwaukee, and by dealers generally throughout the country.
